September 4, 2015

Re: Special Medical Information Form

Dear

The following form has been created as a method to assist you with maintaining your recovery when you are in need of medical / dental care. It will be your responsibility to take this form with you whenever you are seeking medical care from a physician. The doctor will need to sign the form indicating you have shared the information with them. You will need to return the form to this officer for verification purposes.

Sincerely,

42<sup>ND</sup> District Court, Probation Officer
